The next edition of the of the Malaysia Global Business Forum will be “High Impact Projects: Malaysia & The Arab World” which will be a showcase of some of the most important projects that will effect the development in these regions and more importantly have an impact on your current and future business.

The Malaysia Global Business Forum will continue to work with the Malaysian Government and Business Councils from the Malaysian and the Arab regions and now has the support of the Council for Arab Economic Unity which is an important endorsement for the Forum that will ensure continued high level participation.

This convergence of common interest has come at an important time when many Arab companies are expanding while the Malaysian corporate sector has been encouraged to go global.
